

Count Along with the I Believe Bunny

by Tish Rabe

The I Believe Bunny likes collecting rocks.
He finds them every place!
Help him count the rocks he's found
and write the number in each space.

Bunny finds a rock that shines in the sun.
He picks up the rock and now he has _____.

Bunny finds another rock. This rock is blue.
One rock and one rock, now Bunny has _____.

Here's another rock as you can see.
Two rocks and one rock, now Bunny has _____.

He keeps looking for rocks and he finds one more.
Three rocks and one rock, now Bunny has _____.

He finds one more rock near the honeybee's hive.
Four rocks and one rock, now Bunny has _____!
